RESTAURANTS

From **local cuisine** trattorie to pizzerias,
towards starred restaurants.

The area of Lecce and its province
have much to offer for lunches and dinners
of high culinary value,
in **informal** or **fancy** venues.

Here is a series of suggestions
for tasting excellent dishes
surrounded by the splendor
of the Salento landscape.

ZÉPHYR RESTAURANT

Nestled in an ancient olive grove, surrounded by 16th century city walls in the heart of Lecce, our **Zéphyr Restaurant** promotes culinary journeys that engage all the senses. It is the perfect venue for those in search of new horizons, fascinating stories and a different outlook.

A secret citrus grove with just a few tables, atmospheric lighting and a warm, professional service are the prelude to a gastronomic journey you will not forget.

We carefully select all fresh ingredients from small local producers for a light, contemporary take on Mediterranean cuisine which will delight both the eyes and the palate.

Our dishes are designed by chef **Alessandro Pasca-li**, who gained international experience working with great Michelin-starred names such as Alain Ducasse, Carlo Cracco and Stefano Baiocco. After traveling the world, Alessandro has returned to his native Salento with a broader mindset and that unique blend of personality, precision, flair and creativity that makes each of his dishes a real surprise.

Two cozy rooms which can sit around twenty guests, where the warmth of the local stone perfectly complements the lamps, mirrors and designer furnishings. The soft colour palette is punctuated by the green of the elegant Kentia palms separating the round and square tables and the beige, yellow and dove-gray armchairs. In the airy bar room, with French doors and high ceilings, the illuminated bar counter stands out against the creamy stone arches.

The Zéphyr Restaurant **Wine List** has been expertly curated by our Food & Beverage manager. It includes local labels and a selection of wines from various Italian regions, as well as French champagnes.
